God in New Testament Theology
Larry W Hurtado

The latest title in the Library of Biblical Theology series, *God in New Testament Theology* explores how New Testament conceptions of God contribute to contemporary theology.

Hurtado addresses questions such as:

Is the Christian God of the New Testament the same deity as described in the Old Testament?

How do New Testament references to the Divine "Spirit" affect its understanding of God?

How should contemporary theology understand the triadic shape of New Testament discourse about God?

Hurtado empowers readers to move beyond a purely descriptive approach to the study of Scripture into a normative use of Scripture in the life of the Church and society.
